

Product Code: **UL300670** 

**Product Description: Preparations in the form of gel** 

World Trade (2021): 305 Million €

This ExportPlanning Product Code represents the aggregate of the Combined Nomenclature codes shown in the left column of the following table. In order to provide an overview of the aggregation criteria followed, in the column "Description" are also reported similar categories to that of the products included in this ExportPlanning Product Code. Column "Weight %", also reported the percentage weight of each code of Combined Nomenclature with respect to aggregation considered. **This weight is determined by taking the structure of imports of the European Union**.

| CHAPTER 30 - PHARMACEUTICAL PRODUCTS                                 |          |  |  |
