

*Product Code:* **UL846249**

*Product Description:* **Punching and notching machines (non CNC), for metalworking**

*World Trade (2021):* **271.3 Million €**

This ExportPlanning Product Code represents the aggregate of the Combined Nomenclature codes shown in the left column of the following table. In order to provide an overview of the aggregation criteria followed, in the column "Description" are also reported similar categories to that of the products included in this ExportPlanning Product Code. Column "Weight %", also reported the percentage weight of each code of Combined Nomenclature with respect to aggregation considered. **This weight is determined by taking the structure of imports of the European Union.**

#### CHAPTER 84 - NUCLEAR REACTORS, BOILERS, MACHINERY AND MECHANICAL APPLIANCES; PARTS THEREOF

CATEGORIES: Machine tools (including presses) for working metal by forging, hammering or die-stamping; machine tools (including presses) for working metal by bending, folding, straightening, flattening, shearing, punching or notching; presses for working metal or metal carbides, not specified above

Code	Weight %	Description
		-Forging or die-stamping machines (including presses) and hammers
		-Bending, folding, straightening or flattening machines (including presses)
		-Shearing machines (including presses), other than combined punching and shearing machines
		-Punching or notching machines (including presses), including combined punching and shearing machines
		-Numerically controlled
		-Other
8462 49 10	26.7	-For working flat products
8462 49 90	73.3	-Other
